

# **Everyone and Us**

## **Peaking Lights**

Time's changing, we're the time  
It's all just passing by  
Down the alley, where memories meet  
We can't dance if we don't move our feet  
Oh, oh, oh, oh, oh, ohThese are days, EVERYONE AND US  
Said the monkey to the man  
Take my hand I'll steal your hand  
Let's stay awake, lose ourselves in the moment  
Time is the only opponent  
These are days, EVERYONE AND US  
These are days, EVERYONE AND USWhat is now, can feel like forever  
You can hold up running either  
We have secret times and bad  
This is all we've ever had  
Oh, oh, oh, oh, oh, oh  
These are days, EVERYONE AND US  
Said the monkey to the man  
Take my hand I'll steal your hand  
Let's stay awake, lose ourselves in the moment  
Time is the only opponent  
These are days, EVERYONE AND US  
These are days, EVERYONE AND US  
These are days, EVERYONE AND US  
These are days, EVERYONE, EVERYONE AND US  
These are days, EVERYONE, EVERYONE AND US
