

You Nearly Lose Your Mind

Randy Travis

Well if you love your mama and you treat her right
But she keeps on fussin' at you every day and night
 Then she's triflin' on ye they'll do it every time
And when your baby starts to steppin' Lord you nearly lose your mind
 Now if your mama's mean take a tip from me
 Lock her up at home Lord just hang on to the key
 'Cause she trifle on ye they'll do it every time
And when your baby starts to steppin' Lord you nearly lose your mind
 But if your mama's good I'll tell you what to do
 Give her lots of lovin' and what she wants to do
 She'll trifle on ye they'll do it every time
And when your baby starts to steppin' Lord you nearly lose your mind
Now you come home to your mama find
 your clothes ain't clean
 You can bet you're slippin' if you get just what I mean
 'Cause she's been triflin' on ye they'll do it every time
And when your baby starts to steppin' Lord you nearly lose your mind
 Now you may have a mama who says that she is true
 But wait till you get down and out and really leave her too
 She'll trifle on ye they'll do it every time
And when your baby starts to steppin' Lord you nearly lose your mind
 Now I've been lotta places not much I ain't done
 But when it comes to women I just don't trust a one
 Because they'll trifle on ye they'll do it every time
And when your baby starts to steppin' Lord you nearly lose your mind
 (Really drive you crazy)
