Ok

Ok

Ok ok.All night long in a Hummer truck

Baby I know how to handle you

If you're ready for this ride get your saddle up

I need a boy with some staminaHave me all in, Now He back around

Cause you like the way I put it downCome be my student, I'mma be your teacher

Let's play a little game, follow the leader

I give a little lesson in sex education

You know I can work it like that

I plan on working over time, there be no time for waste

And I co-co-could keep him coming backSo soft my skin

So soft my booty

So soft my bed

So soft, I got em sayin'

Give me more

I got em sayin'

Give me more

I got em sayin'

Give me more
