We Are One

Freedom Call

We search a golden land
So far away from home
We ride until the ends
Into the eye of a stormGlory forever, eternity endeavor
Shades of darkness, all the fallen heroesFly over seven seas
Go where the rainbow rise
Our destination anywhere
Find eternal lifeGlory forever, eternity endeavor
Sons of heaven, guardians of our lifeWe are one, until the end of time
On the run we ride, the glorious unite
We are one, until the end of time
On the run we ride, the glorious uniteSilence in the valleys fall
Where all the spirits call
Save our lives, give it all
Light up all our soulsGlory forever, eternity endeavor
Signs of heaven, symphony of lightWe are one, until the end of time
On the run we ride, the glorious unite
We are one, until the end of time
On the run we ride, the glorious uniteRun and never die, gone, no wonder why
Take our souls far away
Time is passing by, blind forever night
We will rise againWe are one, until the end of time
On the run we ride, the glorious unite
We are one, until the end of time
On the run we ride, the glorious uniteWe are one
The glorious unite
We are one
