

B3

Ric Kaestner

I refuse to remain in regret
To pander like a slave to your wants
No contrition from me will you get
 No submission to dilettantes
 I've existed too long in secret
I have lived like a man confined
 Epicene and elaborate
 Fatalistic and resigned
 Passionflower
 Catherine wheel
 Higher power
 Help me start to heal
Now I've bathed in the sea of sunset
And the rain washes clean my mind
Every one of my needs will be met

Every planet will be aligned
 Passionflower
 Catherine wheel
 Higher power
 Help me start to heal
 Over power all my fear
 From hour to hour
 Guide me through the realm
 I refuse to remain in regret
 I refuse to be left behind
 Passionflower
 Catherine wheel
 Higher power
 Help me start to heal
