

# Switchblade

## Drunk Mums

I keep getting attacked by,  
The girl in the black hat  
The girl in the black hat  
I can't find any shade,  
But I'll be sued as long as I got a switchblade  
I keep getting the eye from,  
The girl in the thigh highs  
The girl in the thigh highs  
Whose iris is of jade  
And built to persuade  
And they're swift like a switchblade  
Switchblade  
Switchblade  
They're swift like a switchblade  
Switchblade  
Nobody wears it like you anymore,  
Nobody wears it like you anymore  
Light like a feather,  
Bright like a dying star  
Cut those together,  
Girl that is what you are  
Wild eyes forever,  
Built to punish and persuade  
I lied to get her  
But all I got was a switchblade  
A Switchblade  
So just give me the facts,  
Who's the girl in the black hat  
The girl in the black hat  
I can't find any shade,  
But I'll be swayed as long as I got a switchblade  
I think I'm getting her eyes,  
On all American thighs  
Her American thighs.  
She got her black hat,  
And irises of jade  
And I got a switchblade.  
Switchblade

Yes, I've got a switchblade  
Nobody wears it like you anymore,  
Nobody wears it like you anymore  
    Light like a feather,  
    Bright like a dying star  
    Cut those together,  
    Girl that is what you are  
    Wild eyes forever,  
Built to punish and persuade  
    I lied to get her  
But all I got was a switchblade  
    A switchblade  
Nobody wears it like you anymore,  
    Nobody wears it like you  
I keep getting attacked by,  
    The girl in the black hat  
    The girl in the black hat  
    I can't find any shade,  
But I'll be swayed as long as I got a switchblade  
    Switchblade  
    Light like a feather,  
    Bright like a dying star  
    Cut those together,  
    Girl that is what you are  
    Wild eyes forever,  
Built to punish and persuade  
    I lied to get her  
But all I got was a switchblade  
    Yes, I got a switchblade  
    Light like a feather,  
    Bright like a dying star  
    Cut those together,  
    Girl that is what you are  
    Wild eyes forever,  
Built to punish and persuade  
    I lied to get her  
But all I got was a switchblade  
    Yes, I got a switchblade...
