Yea, haha, my number one,

That's right, yea,

LET'S GO!

Ey, ey, you're 1 in a milion,  
in my heart feeling love,  
you're so brilliant.  
Girl i've missed your love,  
and your feelings hun,  
I never knew that you are my special one

and since you left me  
i was the lonely one  
looking for that girl, one in a milion  
to dance with you in the night  
while we're chilling hun  
so i guess i finally found my billion

milli-million, milli-million,  
milli-milli, milli-milli
