

Keep Me In Your Will

Jessica King

Sometimes I think I'm in control
And I act so foolishly
Facing problems on my own
I don't know what's best for me
My mistakes at times disturb
All the plans you have made
Lord, keep me in your will
So, I won't be in your way

And, put me where you want to
Not where I want to be
If I should ask, for things I want
Just give me what I need
When I complain from time to time
Forgive me Lord I pray
Lord keep me in your will
So I won't be in your way

Remind me Lord, I'm just a glove
In which you place your hand
Not my will, but your's be done
Though I don't understand
The best laid plans I've made
Somehow always go astray
Lord keep me in your will
So I won't be in your way

And put me where you want to
Not where I want to be
If I should ask for things I want
Just give me what I need
When I complain from time to time
Forgive me Lord I pray
Lord keep me in your will
So I won't be in your way

I need you dear Lord
I need you each and every day
Lord keep me in your will
So I won't be in your way

Just keep me in your will
So I won't be in your way
