

Hypnotic Mind

JEFF the Brotherhood

We stay up late
And we cant wait
To hear from you
Something to do

I got my cape
My box of tapes
I feel so right
Hypnotic night

And when we all left your house
That night
They got in a fight

We had to give them all a ride
I hope that everyone is alright
It's Monday night
Were out of time
You're in the car
Making out

Where can we go
What can we do
I feel so right
Hypnotic night

And when we all left your house
That night
They got in a fight

We had to give them a ride
I hope that everyone is alright
