Sabre Dance

Les Baxter

I get excited when we touch
Hey little baby I love you too much
I get excited when we kiss
I don't believe you're driving like this
I get excited when we ride
Oh baby come on sit by my side
I get excited when you say
Oh baby baby please please stay

My motivator motivate my heart
Oh motivator motivate my heart
My motivator motivate me home
You know I hate to go

I get excited when we drive
And you take me down to the leisure side
I get excited when you call
Oh little baby I'm about to fall
Get excited at the show
You say baby we gotta go
I get excited when we walk
And you say baby I love the way you talk

My motivator motivate my heart
My motivator I'm tearing apart
My motivator motivate me home
You know I gotta go all right

My motivator motivate my heart
Oh motivator we should never part
My motivator come motivate me home
You know I gotta go

Get excited when we touch
Hey little baby well I love you so much
I get excited when we kiss
I don't believe our love could be like this yeah
I don't believe our love could be like this yeah
I don't believe our love could be like this
