B.i.g. Interlude

Notorious B.i.g.

Yo, C-Gutta where you at?
D Rockafella
Caesar Leo Degenero
Bled C, Money SL
B.I.G. is making this cream
Bitches always say what the hell does that mean?
B is for the bitches, who can't understand
How one fly nigga became a man
I is for the way it goes in and out
One by one I knocks 'em out
G is for the way the game goes in the gutter
Other MC's, man, they ain't sayin' nuthin'
Rockin' on to the break of dawn
Make the bitch give the pussy
Get the mouth, I'm gone
What? It ain't no more to it
