

# Wild Frontier

Gary Moore

I remember the old country  
They call the emerald land  
And I remember my home town  
Before the wars began Now we're riding on a sea of rage  
The victims you have seen  
You'll never hear them sing again  
The forty shades of green We're goin' back to the wild frontier  
Back to the wild frontier, it's calling  
Back to the wild frontier  
We're goin' back, back to the wild frontier I remember my city streets  
Before the soldiers came  
Now armored cars and barricades  
Remind us of our shame We are drowning in a sea of blood  
The victims you have seen  
Never more to sing again  
The forty shades of green We're goin' back to the wild frontier  
Back to the wild frontier, it's calling  
Back to the wild frontier  
Back to the wild frontier, it's calling Those are the days I will remember  
Those are the days I most recall  
We count the cost of those we lost And pray it's not in vain  
The bitter tears of all those years  
I hope we live to see those days again Now we're riding on a sea of rage  
The victims you have seen  
You'll never hear us sing again  
The forty shades of green And I remember a friend of mine  
So sad now that he's gone  
They tell me I'll forget  
As time goes on We're goin' back to the wild frontier  
Back to the wild frontier, it's calling  
Back to the wild frontier, we're goin' back Back to the wild frontier  
(Can you hear it callin'?)  
Back to the wild frontier  
(Can you hear it callin', callin'?)  
Back to the wild frontier Those forty shades of green are calling me back home Ooh, we're goin' back, back to  
the wild frontier  
I'm goin' back, back to the wild frontier
