

Back in Our Minds

Funkadelic

We are back in our minds, again
We are back in our minds, again
We are back in our minds, againWe don't fight no more
We don't close that door
This time for sure
We can't stand no moreFussin' and a-cussin' each other
Souls to your brother
Livin' in this world we all live inWe are back in our minds, again
We are back in our minds, again
We are back in our minds, againWe don't fight no more
We don't close that door
This time for sure
We can't stand no moreFussin' and a-cussin' each other
Souls to your brother
Livin' in this world we all live inBack in our minds again
