[Verse: Chief Keef]

Tadoe got long money with him, what the fuck I got?

A nigga run up on my face I'm like "back up off my gat"

I bought all the Swisher Sweets for all the strong pack

I bought all these fucking things for all the wrong guys

I heard niggas plotting on me, I'll let my gun handle it

Cuz I'm a rich nigga now, and bitch my gun savage

I'm an AMG nigga, aye bitch my car savage

All these niggas steady talking 'bout they savage

Glock 40, the clip be long, it's long

'Fore we shoot you in your dome, go home

They like Sosa, you getting money too long, you wrong

Just shoot my phone if you need them loans[Hook: Tadoe]

I got long money, long hair

I got long money, long hair

You don't want war, don't go there

Choppa blowing shit down, cold air

Long hair, long racks

Long clip, strong gat

Long blunts, strong pack

Everything long now
