

God Roar

Denee Richardson

Verse 1

There is a people
Called by His name
Out there broken
By words that were spoken
They've lost their way
There is a Lion
King of us all
Father of the hopeless
Able to restore us
With one single call

I send this prayer up
Have mercy, please
Bring back my brother
Bring back my sister
Bring unity

Chorus

Let there be a roar
Oh, God restore
The brokenhearted
The down trodden
Let there be a roar
Let there be a roar
Oh, God restore
They're family
Bring them home to me
God roar

Verse 2

There is a people
Our family
In desolation
Left consecration
Our family
We the believers
The body of Christ
Able to rise up

Send up a riot
Of love to the skies

I send this prayer up
Have mercy, please
Bring back my brother
Bring back my sister
Bring unity

Bridge:

God roar till they all come running back to you
Till they all come, hearts open to truth
God roar, let them hear the sound of love
We will cry out till restoration comes
(Till they all come)
