Before the Pain

Iron Savior

Sometimes I close my eyes
Thinking back of the day
Of this cold and rainy
November night
When you passed awayNo more will I hear your laughter
No more I'll see you again
What remains is your memory
The tears and the painFar away
In the land beyond the stars
Somewhere in eternity
I know you're waiting for me
When the night
Is coming down
Sometimes it feels
As if you're still around
But I know
It's just a memory
Of how it used to be
Before the painThe world ain't the same anymore
For those you've left behind
But we'll treasure the memory
Inside our very mindsTime heals the wounds
Slowly, day by day
But the scars will remain
They will never go away
When the night
Is coming down
Sometimes it feels
As if you're still around
But I know
It's just a memory
Of how it used to be
Before the pain[Solo]When the night
Is coming down
Sometimes it feels
As if you're still around
But I know
It's just a memory
Of how it used to beWhen the night

Is coming down
Sometimes it feels
As if you're still around
But I know
It's just a memory
Of how it used to beBefore the pain
(Before the pain)
[Repeat]
