

Is This Love (radio Edit) (feat. Jordin Sparks)

Alex Gaudino

My thoughts keep drifting
I can't keep my mind off you
(Uh yeah)
I stutter when I talk, stumble when I walk
Is this what I should be feeling?
Can't concentrate, can't hardly wait
I wanna know, I wanna know

Is this love?
Is this love?

Don't wanna waste no time if this ain't real
Cause what I'm feeling is amazing
Oh yeah
Voted on a beautiful high

Is this love really what we're living for?
Is this love gonna happen tonight?
Is this love what I've been waiting for?
Is this love the love of my life?

Is this love?
Is this love?

I wanna feel the meaning of love,
A message that's real, sent from above
Straight from the heart

Is this love?
Is this love?

I'm waiting for
Waiting for
