Farewell

The Last Supper

Winter's close and the mountain high
I'll start my journey now
On this planet, we call Earth, we belong
I want to know, why did God make me feel
There is more to be answered
Maybe God cannot remedy, our souls if He tried
I seek peace of mind at least
And to know I did my best
I will pray for those I have loved
I must take your farewell
Carried by destiny, bound to obey
I must take your farewell
Trails of discovery, lead me an ocean away
No one holds the only truth in his hand
So who am I to defy even God
In quest for a reason
There's no time to waste, I'm afraid
I must take your farewell
Carried by destiny, bound to obey
I must take your farewell
Trails of discovery, lead me an ocean away, so far away
When the tide is high
I won't dwell or wait no longer
