Silenced By The Night

Keane

In a city like mine there's no point in fighting
I close my eyes, see you and me driving
If I am a river, you are the ocean
Got the radio on, got the wheels in motion
We were silenced by the night
But you and I, we're gonna rise again
Divided from the light
I want to love the way we used to then
I lie in the dark, I feel I'm falling
Feel your hand on my back, hear your voice calling
I'm out of my depth, girl stick close to me
Because the people in this town, they look straight through me

We were silenced by the night
But you and I, we're gonna rise again
Divided from the light
I want to love the way we used to then
Because baby I'm not scared of this world when you're here
No baby I'm not scared of this world when you're here
Oh you and I we're gonna rise again
Oh, you and I we're gonna rise again
We were silenced by the night
But you and I, we're gonna rise again
Divided from the light
I want to love the way we used to then
