

Once More

The Wilders

Once more

Forever 'til the end of time

Forever found

Think what you may but honey I ain't blindLost in the shuffle like a child all alone

Countin' my days for the end is my home

Once more

Forever 'til the end of timeOnce more

I kill myself again

Once more

I'm a slave 'til the goddamn endLost in the shuffle like a child all alone

Countin' my days for the end is my home

Once more

Forever 'til the end of time
