

Fade Into You (feat. Sam Palladio & Clare Bowen)

Nashville Cast

(feat. Sam Palladio and Clare Bowen) If you were the ocean and I was the sun
If the day made me heavy and gravity won
If I was the red and you were the blue
I could just fade into you
If you were a window and I was the rain
I'd pour myself out and wash off the pain
I'd fall like a tear so your light could shine through
Then I'd just fade into you In your heart in your head in your
arms in your bed under your skin Til there's no way to know where
you end and where I begin If I was a shadow and you were a
street The cobblestone midnight is where
we first meet Til the lights flickered out, we
dance with the moon Then I'd just fade into you In your heart in your head in your
arms in your bed under your skin Til there's no way to know where
you end and where I begin I wanna melt in I wanna soak through
I only wanna move when you move I wanna breathe out when you
breathe in then I wanna fade into you If I was just ashes and you were
the ground And under your willow they laid me
down There'll be no trace that one was
once two After I fade into you (Ooooh....) Then I'd just fade into you (4x)
