

# Dead Man's Hand

## Ha Ha Tonka

All around you are wasted plans  
Everywhere you look no matter where you stand  
Don't get caught with the dead man's hand

Buried my heart in the cigarette sand  
Back of a club in Chicago land  
We got drunk off the whiskey brand  
We're all the same when you can't stand

Don't get caught with the dead man's hand  
Playing with fire in the heart land  
Don't get caught with the dead man's hand

Don't get caught with the dead man's hand  
Playing with fire in the heart land  
Don't get caught with the dead man's hand
