

Return to Energiser

Enter Shikari

You look like you
Rented a smile
From someone but you
Rented the wrong size

Take it back
You should take it back

BURY IT
That's not what you want
That's not what you want

Cause that would grow more
That's not what you want
That's not what you want

We still have
The element
Of surprise
Defence shields
DOWN

Return to energizer (x4)

Wave your bloody white flags
Surrender
Give in

That's not what you want (x4)

That's not what you

We still have
The element
Of surprise
Defence shields
Down!

Return to energizer (x8)

And all hell breaks loose, when you're here...(x4)
