

# In Cairo

## Digitalism

Walking oh so slowly.  
Don't know anybody.  
Feels like I'm in Cairo.  
Talking oh so quickly.  
Please explain what they mean.  
Taking matters too light.  
How did this start a fight.  
Why did I tie them tight?  
Double knotted tonight.  
I guess this must be Cairo.  
Diamonds and brass hid behind painted glass in the heart of Cairo.  
Sinking in way too deep.  
I won't care what they think once I've left for Cairo.  
Thinking about it too hard.  
Shouldn't take this too far or I'll end up in Cairo.  
How did I find my back in... Cairo?
