

Solidify

Sheryl Crow

Pouring in and around the great wellspring
Of simple feeling
And I need bearings in the face of your
Cool, cool fireWalking backwards with the pounding of your voice
Makes my soul tired
And concrete is as concrete
Doesn't and voices can drownWhy should I? Why should I?
Why should I? Why should I?
Solidify, make me real
So you can see meI guess you thought I'd hide the sun from
My liquid thoughts and make ice for you
You thought I'd seed my clouds
With the rain of your personal dreamsI guess you thought I'd throw confetti
At your parade of lofty thoughts
I guess you thought I'd shine good mornin'
In some good mornin' jack surpriseWhy should I? Why should I?
Why should I? Why should I?
Solidify, make me real
So you can see mePouring in and around the great wellspring
Of simple feeling
And I need bearings in the face of your
Cool, cool fireWalking backwards with the pounding of your voice
Makes my soul tired
And concrete is as concrete
Doesn't and voices can drownWhy should I? Why should I?
Why should I? Why should I?
Solidify, make me real
So you can see meSee me, see me so clearly
Why should I?
I need bearings in the face of your
Cool, cool fireWhy should I?
Why should I?
