Because of Me

Billy Gilman

I just want to be the universe
Or at least as far as you're concerned
Everything before me just a blur, just a blurI just want to be your wanderlust
All the molecules that make you up
'Cause to me there's nothing else but us, else but usI don't want you to smile or shed a tear
Ever hear you say love unless it's in my ear
I don't want you to dance or have your heart miss a beat
I don't want you to feel unless it's because of me, because of me
When I put you on a pedestal
Hope I don't become invisible
Never felt more human next to you, next to youI just want to be the universe
That's as much as all that you deserve
All I'm asking you for what it's worth, what it's worthI don't want you to smile or shed a tear
Ever hear you say love unless it's in my ear
I don't want you to dance or have your heart miss a beat
I don't want you to feel unless it's because of meI just want to be the universe
That's as much as all that you deserve
All I'm asking you for what it's worth, what it's worth
I don't want you to smile or shed a tear
Ever hear you say love unless it's in my ear
I don't want you to dance or have your heart miss a beat
I don't want you to feel unless it's because of meBecause of me, because of me, because of me...
