STEREO

DEEP GIRL

We're all born within
This thoughtless world
A generation bought and sold
By a reproduced, stolen, copied package
We've been taught to love this robotic formula
Built to please ignorant minds, uncultured masses
Do we know, that our ears have failed us now?

Stereo, stereo
Tired bullshit dressed in gold
Scan the youth, find the pieces
(Our ears have failed us now)
Stereo, stereo
Hear the world that you've created
Fall to pieces
We're all bought and sold!

Radio waves still transmit the same
Replica that wreaks of staleness and decay
Unless we resist, and open our eyes to this
Uniform and standard model they insist we consume
Our hearts have failed us now

Stereo, stereo
Tired bullshit dressed in gold
Scan the youth, find the pieces
(Our hearts have failed us now)
Stereo, stereo
Hear the world that you've created
Fall to pieces

But do we know
WE'VE ALL BEEN BOUGHT AND SOLD
YEAH, BOUGHT AND SOLD
WE'VE ALL BEEN BOUGHT AND SOLD
YEAH, BOUGHT AND SOLD
We've all been sold to a world that failed us

Stereo, stereo
Tired bullshit dressed in gold

Scan the youth, find the pieces
(Our hearts have failed us now)
Stereo, stereo
Hear the world that you've created
Fall to pieces

Stereo, stereo
Tired bullshit dressed in gold
Scan the youth, find the pieces
Stereo, stereo
Hear the world that you've created
Fall to pieces

We're all bought and sold, we're all bought and sold
WE'VE BEEN BOUGHT!
