

# Resolution

Glis

Six in the morning, that's the moment I hate  
I stayed up all night and now I'm running late  
Lay down the bottle, put down the smoke  
Can't find my keys, where the hell's my coat?  
Look out the window, here comes the rain  
Oh, my god, I feel the pain  
Yeah, yeah, my resolution  
(Is) to make it through another day  
Yeah, yeah, my resolution  
Ain't nothing else I want to say  
They towed my car, too many tickets were due  
Oh, when I look in the sky, there's not a touch of blue  
Not a touch of blue, yeah  
It don't matter if I'm right or wrong  
I'm always singing the same old song  
I need a life I can call my own  
Come on, come on, throw me a bone  
Yeah, yeah, my resolution  
(Is) to make it through another day  
  
Yeah, yeah, my resolution  
Ain't nothing else I want to say  
I want to make it through  
Ooh, I'm down on my knees  
Please somebody show me  
Somebody show me the way  
Ain't got no luck, ain't got no life  
Ain't got no woman to please at night  
Ain't got no future to call my own  
Somebody, come on, throw me a bone  
Yeah, yeah, my resolution  
(Is) to make it through another day  
Yeah, yeah, my resolution  
Ain't nothing else I can say  
Yeah, yeah, my resolution  
(Is) to make it through another day  
Yeah, yeah, my resolution  
There's nothing else I want to say  
My resolution
