

# All I See

## Nate Wants To Battle

And it's so typical of me  
To be so cynical of you  
I just keep running 'round in circles babe  
And yet I haven't found a clue  
A way to get around you, no And I don't know why  
But I'm mesmerized  
By your broken eyes  
(By your broken eyes)  
But I can't complain  
When I go insane  
As I call your name  
(As I call your name) And all I see is you next to me  
A ghost of you tangled up in my sheets  
It weighs me down to this ocean below  
I know I'll drown yet I'm begging for more  
I could feel you move and hear you breathe  
I could wear this heart out on my sleeve  
You could break my bones and watch me bleed  
I would do it all again  
I could hear it in the way you speak  
That you're reaching out as much as me  
That you're searching for your way out  
And you're dying just to live And I don't know why  
But I'm mesmerized  
By your broken eyes  
(By your broken eyes)  
We've got this road  
And we both know  
Where it's bound to go  
(Where it's bound to go)  
And all I see is you next to me  
A ghost of you tangled up in my sheets  
It weighs me down to this ocean floor  
I know I'll drown yet I'm begging for more I don't know why  
I'm mesmerized  
I can't complain And it's what I want, not what I need  
A shadow of you that's been haunting my dreams  
It eats me up from the inside out  
It's on the tip of my tongue and won't leave my mouth

And all I see is you next to me  
A ghost of you tangled up in my sheets  
It weighs me down to this ocean floor  
I know I'll drown yet I'm begging for more
