

What I Believe

Something With Numbers

Believe me when I say
He wept upon you, before he had told you
That he had been lying all along
You asked what happened yesterday
He looked guiltyHe doesn't trust you, so what does he do
He cheats, he lies and disappears all day
Close your eyes and fall into my embrace
With me you'll be happyWe will fight, for you and me
We will fight, for you and meIt's cold out
And I can see the sun in your eyesHe will forget you, but that I won't do
This feeling cannot be normal
I'm happy whenever you're around
Sitting here with meWe will fight, for you and me
We will fight, for you and me
