Goodbye

Element Eighty

You say goodbyeI've tried (I've tried)
I've tried so hard to keep this alive (alive)
But you'll never understand and
how long will I stay before you run away and
how long will this last before you know it's time
To say Goodbye
Say Goodbye
Say GoodbyeYou've tried (you've tried)
You've tried to play these games with my mind (my mind)
And I'll never understand and
how long will I stay before you run away and
how long will this last before you know it's time
To say goodbye
Say Goodbye
Never Cry (you're breaking down again)
Say Goodbye (you're breaking down again)and i know you don't need meHow was I supposed to know
you'd try to break me
from everything inside of me and everything in front of me
and I don't ever want to feel...I never will but just say it to my face
say it to my face and tell me
how long will I stay before you run away and
how long will this last before you know it's timeBye (you're breaking down again)
Say Goodbye (you're breaking down again)
Never Cry (you're breaking down again)
Say Goodbye
Look at you now
You say goodbye
