Accelerate

Drugstore

This life reminds me of a carousel
Going all the way round
And we think it's swell, don't we?
Even plastic horses get put down
And hey, we all gotta hit the groundAcceleration
Acceleration
AccelerationIt's a funny business, baby, as we can see
But I keep my eyes wide open even when I'm asleep
'Cos we never know when death will come around
And hey, we all gotta hit the groundAcceleration
Acceleration
AccelerationIt's kinda hopeless, baby, as we can see
But I keep my windows open when I'm asleep
'Cos I never know if he will come around
Hey, we all gotta hit the groundAcceleration
Acceleration
AccelerationThis life reminds me of a
This life reminds me of a
Yeah, we all gotta hit the groundAccelerate
It looks so pretty
Accelerate
All those shiny bright lightsAccelerate
Calling my name
Accelerate
And I'm falling freelyAccelerate
And it's moving so fast
