# Time To Believe

## Forever JONES

Time to believe in what God said
Time to believe in what he promised.
We see small he sees great.
When we speak doubt he speaks faith
It's time to believe in what God said
[Repeat 3x:]
Don't allow your past to dictate where you're going
Or where you are make you believe you can't go on
Because God's promise is true and what he said he will do
It's time to believe oh believe i will believe
I will believe what God said
I will believe what he promised
When I see small I'll see great
I spoke in doubt now I'll speak faithI will believe in what God said
I do believe what God said
I do believe what he promised
When I see small I'll see great
I spoke in doubt now I'll speak faith
When I see small I'll see great
I spoke in doubt now I'll speak faith
I do believe
I do believe
I do believe
