

Fingernails

Kenny Process Team

Never reaching what I want to reach

Never being who I want to be

Blaming me when I fall and fail

All my dreams splintering under my fingernails

Under my fingernailsIm empty, lonely and accused, accused without a word

My fingernails are chipping down from clawing in the dirt

Im so lost, lost and confused, I threw it all away

How can I be beautiful when I am so afraidNever reaching what I want to reach

Never being who I want to be

Blaming me when I fall and fail

All my dreams splintering under my fingernails

All my dreams out of reach under my fingernailsI watched it all slip through my hands, my brokenness revealed

Im so proud, Im so proud Im crying to be filled

Im killing, destroying the plague, thats killing me away

Ive got to live, Ive got to love like I am unafraidNever reaching what I want to reach

Never being who I want to be

Blaming me when I fall and fail

All my dreams splintering under my fingernailsNever reaching what I want to reach

Never being who I want to be

Blaming me when I fall and fail

All my dreams splintering under my fingernails

All my dreams out of reach under my fingernailsIm wasting, wasting every moment

I want to be tasting, tasting every moment with you

Im suffering, Im bleeding, on my knees, whos going to save me?

Suffering, bleeding, save me from this pit of frailtyNever reaching what I want to reach

Never being who I want to be

Blaming me when I fall and fail

All my dreams splintering under my fingernailsNever reaching what I want to reach

Never being who I want to be

Blaming me when I fall and fail

All my dreams splintering under my fingernails

All my dreams out of reach under my fingernailsNever reaching me
