

Cosmic Journey (Matty's Club Mix)

[Solange Knowles](#)

Won't you move closer than close
Can bring you to me
Just given me the only warmth to feel
Can we lay in this space until forever?
Till the moments around us all are still
And tell me where do we go?
On this winding, traveling open road To the hills where the love people go
Far in the night you and I don't look back you will find me Cosmic journey
And I love you I swear
Cosmic journey
And I love you I swear Won't you go deeper than deep can dig into me
Make the words roll over your tongue to mine
As I probably kiss you better than I'll tell you
And the way that you touch feel so sublime Be all mine
And discover you in as you will find
Far into the night you and I don't look back and you'll find me Cosmic journey
And I love you I swear
Cosmic journey
And I love you I swear
Cosmic journey
And I love you I swear
Cosmic journey
And I love you I swear And I love you I swear
Cosmic journey
And I love you I swear Let's go
Let's go
Let's go
