

# Only Know I Do

[Adam Gregory](#)

How do you explain the way  
The stars just hang way up in the sky?  
How do you explain the way  
Rain goes away whenever you walk by?  
It's a mystery just how life can lead  
To a place you've never been  
You've knocked on that door a hundred times before  
When it suddenly let you in  
I don't know why I've been so blessed  
To love someone like you  
I don't know why I must confess  
I only know I do

And how do you explain the way  
My world has changed right before my eyes?  
And how do you explain the way  
You gave me wings when I swore I could never fly?  
It's a mystery what you've done for me  
I'm at a place I've never been  
I've knocked on that door a hundred times before  
Now you've suddenly let me in  
In my heart, I won't question  
I'll just lay here in your arms
