

# Country to the Bone

David Cooler

Have you ever met those people who been there and done that, yep me too they'll sit there and claim they was raised up just like you and me, well i wouldn't be so sure bout that well you might think ur country but are you country to the bone, are you now listen here, you ever walked the creek bare footed, eat grits and eggs with hog puddin, cook collerd greens with ham hogs, chew on a tounge from a puddin pot, have you ever made love with ur clothes still on well you might think you country but are you country to the bone, do you have a spit cup in ur pickup truck, have you ever been tour up from the floor up, stayin out late with ur date, sipn moon shine on ur tail gate, have you ever kissed ur dog right square in the mouth, well you might think ur country but are you country to the bone,,, now just because you got country boy across ur windsheild and a bumper sticker that says i love larry the cable guy, that dont mean nothing to me its about the way you do things and the things that you do, see the way we was brought up is what seperates us from anybody else cuz they might think they country but they aint country to the bone you ever hooked the mill to a turd pile, pulled the milk from a moon cow ate scopinines stright off the vine, is ur luky number 69, have you ever been skinny dipin in a cow troth, well you might think ur country but are you country to the bone, you ever rode a horse, hell yea, you ever peed off the porch, hell yea, ever had sex on the phone, hell yea, have you ever have to wipe ur butt eith a pine cone, while you were out fishin down on the edisto if you gata go buddy you gata go, well you might think ur country but are you country to the bone,,,,,, so how many of yall are country now huh? Nothing to be ashamd of, we just dont care, thats right, yea i know im country yes im country to the bone yes i am country, yes im country to the bone, and im proud to be country, country to the bone,,,,, i know what ur thinkin, what the hell is a puddin pot?
