

Anti

The Vandals

always speak my mind
the truth is what i say
i shout it out in black and white
no smegging shades of gray
you've got to be defiant
that's always what i say
you'll never hear my silence
but that's the price i'll pay
cause i'm anti-antiseptic
i'm anti-antipasto
i'm anti-anticipation
i'm anti-antichrist
but i'm pro-prophylactic
i'm pro-propane gas
i'm pro-propaganda
i'm anti-antihistamine
i'm anti-antisocial
and i'm pro-antipathy
the future starts tomorrow
with the children of today
they'll never feel your sorrow
they stand right in your way
so take your brain out, have it washed
that's a fact of life
but i don't mean blair or tootie
they'd both make a damn good wife
i'm anti-antidote
i'm anti-antiquate
i'm anti-antifreeze
i'm anti-guitar hero
i'm anti-antimatter
i'm anti-antipersonal
i'm anti-antonym
i'm anti-ann taylor
i'm anti-antibiotic
i'm anti-anticlimax
i'm anti-andrew rigly
i'm anti-anticoagulant
i'm pro-procreatoin

i'm pro-programmable
i'm pro-prohibition
i'm pro-profanity
i'm anti-antitrust
i'm anti-antiknock
i'm anti-antiknock addictive
i'm anti-pro choice
i'm pro-anti choice
i'm pro-propaganda
i'm proctor and gamble
