

Judas

Dover

I don't care about what you say
because I just don't get it
I don't care about what you say
because I just don't get it
now I see a light on you
that wasn't there before
now I see a light on you
that wasn't there before
You lied! you lied!
Jesus Christ was only a man
You lied! you lied!
Jesus Christ was only a man I don't care about what you say
because I just don't get it
I don't care about what you say
because I just don't get it
now I see a light on you
that wasn't there before
now I see a light on you
that wasn't there before
You lied! you lied!
Jesus Christ was only a man
You lied! you lied!
Jesus Christ was only a man I can't stop shacking! I can't stop shacking! You lied! you lied!
Jesus Christ was only a man
You lied! you lied!
Jesus Christ was only a man He was just a man
