

Moonland (CL 1087) 1957

Marty Robbins

Moonland, a summer's evenin' in June land
An old familiar tune land
Is paradise to me
My land, a twinkling star filled sky land
A simple, peaceful island
Across the silver sea
Yonder where native lovers wander
Lost in eternity
Moonland, a summer's evenin' in June land
An old familiar tune land
Is paradise to me
Yonder where native lovers wander
Lost in eternity
Moonland, a summer's evenin' in June land
An old familiar tune land
Is paradise for me
