We Four Girls

B-witched

So are you ready to go?
Here we goCome on, yeah
(We four girls are here to stay)
Come on, yeah, yeah
(We four girls, we four girls)So get it when you got it
Just keep it good
So you got it, just use it
And work it goodSo get it when you got it
Just keep it good
So you got it, just use it
And work it goodSo are you ready to go?
Here we goCome on, yeah
(We four girls are here to stay)
Come on, yeah, yeah
(We four girls, we four girls)Come on, yeah
(We four girls are here to stay)
Come on, yeah, yeahSo you want it, come and get it
Gonna tell you why
Believe it, you can do it
And reach up highSo you want it, come and get it
Gonna tell you why
Believe it, you can do it
And reach up highSo are you ready to go?
Here we goCome on, yeah
(We four girls are here to stay)
Come on, yeah, yeah
(We four girls, we four girls)Come on, yeah
(We four girls are here to stay)
Come on, yeah, yeahCome on, yeah
