

Unbroken Sequence

Woman's Hour

You can ask for a meaningful response
But, if there's no point then it won't come
I won't be a voice that tells you what to do
And pushes you around
The sky looms above the roof of the cave
And its damaged and cold the people brave
I need you to learn how to walk away
And when to cast aside the things I say
If I stop, delay and I quit
Would it be better for you?
If I rest, I break and resist
Would it be better for you?
Shouldn't assume that you're not okay
I can tell you're pushing me away
Shouldn't assume that you're not okay
I can tell you're pushing me away
If I stop, delay and I quit
Would it be better for you?
If I rest, I break and resist
Would it be better for you?
If I stop and cease to exist
Would it be better for you?
If I turn, I change and I drift
Would it be better for you
