

# Losin' All My Common Sense

## Quiet Life

Hey girl I gotta say  
You gotta really good heart but I'm wondering (?) all my selfish ways  
Hey now aint it the truth  
Hey you don't gotta worry Ill be better in a week or two  
Hey baby you tricked me bad  
Well I was only hoping I was gonna be your only man  
Hey you tricked me bad  
Yea I was only hoping we were both in love again  
Love man it tricks you bad  
Yea you're happy in the morning and you're layin in the empty bed  
Yea I know now you're gone and it's no use  
While you dont gotta worry Ill be better in a day or two  
Say baby now shaking my head  
At the thought of you spending the night with another man  
Hey baby now I'm out of my head  
Hey I cant eat and I'm losing all my common sense  
Hey baby now I'm out of my head  
I cant sleep and it's raining in Portland again
