

# An Old Fashioned Christmas

Frank Sinatra

Give me an old fashioned Christmas  
An old fashioned Christmas  
Family faces, wide open spaces  
Covered with snow Right now my moms there in the kitchen  
Basting the Christmas bird  
You'll have to take my word  
You can't find that at the auto mat An old fashioned fireplace  
Give me an old fashioned fireplace  
My heart remembers smoldering embers  
Warmly your glow I'd trade that whole Manhattan skyline  
The shimmering steel and chrome  
For one old fashioned Christmas back home An old fashioned Christmas  
Give me an old fashioned Christmas  
Family faces, wide open spaces  
Covered with snow Right now my moms there in the kitchen  
Basting the Christmas bird  
You'll have to take my word  
You can't find that at the auto mat An old fashioned fireplace  
Give me an old fashioned fireplace  
My heart remembers smoldering embers  
Warmly your glow I'd trade that whole Manhattan skyline  
The shimmering steel and chrome  
For one old fashioned Christmas back home
