

Close Yet Far (Acoustic)

CKY

who said that I wasn't right?
I've lived for years without a life
don't have a soul on my side
still ridiculed despite how hard that I have tried
don't take me under your wing
I don't need a hand, don't need anything
and I've got a roof over my head
as if I'd rather be alone with me instead close yet far
drop me a line and tell me how the hell you are
and I'll tip my hat to those who can't believe it's me
though I never never never ever wanted this to be I can hear the sounds of the city
sunrise and set are the same to me
a hesitating pulse is good company
and my reflection offers no apology
but who said that I wasn't right?
and I've lived for years without a life
don't have a soul on my side
still ridiculed despite how hard that I have tried close yet far
drop me a line and tell me how the hell you are
and I'll tip my hat to those who can't believe it's me
though I never never never ever wanted this to be
