Catharsis

YOB

All the fear
All the pain
Built within
The hope and the tears
To measure the worth
To understand it
Feeling what is fuels the change
We're overjoyed feeling all right in our skin
The apocalypse never felt so good
The tyranny
Built upon our philosophies
Not for me
In solitude again
In this world we're living in
I can't get no release
It's cold outside in the rain
When all is said and done
Tell me what does it mean
Feeling what is fuels the change
We're overjoyed feeling all right in our skin
The apocalypse never felt so good
The tyranny
Built upon our philosophies
Not for me
In solitude againAll the rage
Uncontrolled
Useless treasures
Rotten waste
Shadows fall
Into dust in me
All the rage
Uncontrolled
Useless treasures
Rotten waste
Shadows fall
Into dust in meShapeless ether
Quantum strain
Human structures
Confused and weak

Create the plague
Faceless hatred
The race suffers
Confused and weakWorld of chaos
Floats in the void
Formless lost
Fed with destruction
Fed with destruction
Formless lost
The world of chaos
Floats in the void
World of chaos
Without form
Formless lostWorld of chaos
Floats in the void
Lost in the voidWelcome to the apocalypse
Exaulted coming the death of regret
Break the shackles the useless refinedRise upon the violet throne
Cast the darkness to the wolvesNever seen it
Never before
Achored deathless connect to the whole
10 billion eyes yet only one seesRise upon the violet throne
Cast the darkness to the wolvesThe catharsis, the change from within
Never will I follow
Aeons old black hole devours
Empty hollow within
Eating the pain
Rejecting the soul
The beginning of the endRise upon the violet throne
Cast the darkness to the wolves
