

Gin Wigmore

It was always you
 You found a way to win me over
 Now this halo round my head
 Is hanging by a thread
 If I drown, infused with wonder
 Would you save me like you say?
 I will roll the dice today
 And it's all because of you I've waited twenty-four hours all alone in this tower
 Have I lost all connection to you?
 I've waited twenty-four hours, twenty-four hours for you Another shade of blue
 Mercy and surrender, I submit to your desire
 To help me like you do
 Slip inside my head, I feel it getting colder
 I wait alone to die
 And it's all because of you I've waited twenty-four hours all alone in this tower
 Have I lost all connection to you?
 I cross my heart in the sky
 It came down with your lies
 Now every second feels forever without you I've waited twenty-four hours all alone in this tower
 Have I lost all connection to you?
 I cross my heart in the sky
 It came down with your lies
 Now every second feels forever without you Day by dust I trust to go off like that
 Till I break mistake of loving you I've waited twenty-four hours all alone in this tower
 Have I lost all connection to you?
 I cross my heart in the sky
 It came down with your lies
 Now every second feels forever without you
