

# I Wanna Do Your Make Up

## Scotty Vanity

Eyeliner is spiffy

I wanna do your makeup  
When you wake up  
Come on over  
I'll make you over

I wanna do your makeup  
When you wake up  
Come on over  
I'll make you over

Lets take all our magazines  
For inspiration  
We'll make you a beauty queen  
You'll need foundation

You'll be totally flawless  
And get so much attention  
Just like a goddess  
From another dimension

We're gonna go full throttle  
Like a super model

I wanna do your makeup  
When you wake up  
Come on over  
I'll make you over

i wanna do your makeup  
When you wake up  
Come on over  
I'll make you over

Look at you girl (girl)  
In your red hot lip gloss  
Flippin' off the world  
When you work that head toss

Shimmer  
Glimmer  
Glimmer glitter  
You're so taking your Myspace picture (myspace picture)

You'll be a total hottie  
With a makeover from Scotty

I wanna do your makeup  
When you wake up  
Come on over  
I'll make you over

I wanna do your makeup  
When you wake up  
Come on over  
I'll make you over

Eyeliner is spiffy

I wanna do your makeup  
When you wake up  
Come on over  
I'll make you over
