

I Don't Belong

OFF!

Your high social caste
Privileged friends
You lure me in
But I can't be your friend
Hit on Miss Liberty
Under the cherry tree
Drunk on hypocrisy
I'm standing in the shadows
And I'm pissing in the punchbowl
I don't belong
Cocktail party
Pin the tail on the donkey
Icing on my face
But I don't like the taste
Right wing mentality
God and democracy
Red carpet royalty
I'm standing in the shadows
And I'm pissing in the punchbowl
I don't belong
