

Fueled (Remix)

Anthrax

I'm out to mix it up and change my complexion
To coat the feelings and cure my depression
A shot of petrol is my bonafide method
To lose control and get thoroughly distracted I'm on the money, here I come
Fuel for my engine, and I'm gone I like to forget why I feel this compulsive
As I toss tomorrow's dreams in the garbage
What's important is a mind that's sicker
Turning Jekyll into Hyde much quicker I'm on the money, here I come
Fuel for my engine, and I'm gone One, two, three, four, one, two, three, four
Kick start and turn me over
Punch drunk, but I'm still sober
Fourteen years and a whole lot bolder
And I don't flinch
Hungry and I'll take the best
'Cause I never wanted anything less
What doesn't kill me makes me stronger It's like a war inside me, I'm good, I'm evil
Two sides of the coin and I've been blessed with both
On one hand I am you, but I don't like you
I guess that's the nature of the way things work I'm on the money, here I come
Fuel for my engine, and I'm gone One, two, three, four, one, two, three, four
Kickstart and turn me over
Punchdrunk, but I'm still sober
Bukowski's on my shoulder
With much to think
Hungry and I'll take the best
'Cause I never wanted anything less
What doesn't kill makes me stronger
It's like a war inside me, action is all I know
Tell me it's suicide, tell me something I don't know I don't know why I've been made some kind of hero
When I've done all I can do to prove I'm not
It's amazing to think someone could trust me
Tell me what do you know about me really ?
And I you make the mistake of getting close to,
Me, you'll just give me all that you've got
So I don't know why I've been made some kind of hero
When I've done all I can do to prove I'm not One, two, three, four, one, two, three, four
Kickstart and turn me over
Punchdrunk, but I'm still sober
Fourteen years and a whole lot bolder

And I don't flinch
Hungry and I'll take the best
'Cause I never wanted anything less
What doesn't kill me makes me stronger
One, two, three, four, one, I can't close this broken door
It's just the nature of the way things work
You want to be me, I don't give a damn
Anyone can do it but it takes a man not to
Try so hard to give me a real life
Anyone can do it but it takes a man not to
It's just the nature of the way things work
